## IF-O Inflator Octopus

IST's newest released high-performance second stage regulator combined with power inflator. IF-O is set in front of you, unlike a traditional octopus, and can be reached at any time when emergency.

- Coupled with our high-spec, large bore intermediate pressure hose. Max. service pressure @ 34.5bar (500psi).
- Ultra soft front cover allows you to reach the purge button easily.
- Cracking pressure setting @ 1.4-1.6 inch of water.
- Max. service intermediate pressure @ 10bar (145psi).
- Designed to fit 3/4" rubber inflator corrugated hose.

## IFO-38A Adaptor

Adaptor for IST IF-O inflator octopus with 1" corrugate hose.

### Fathom Blue Carbon Fin

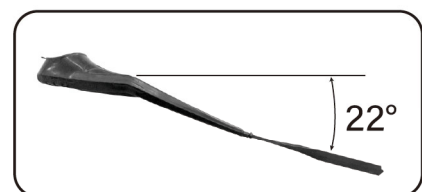

Incorporating all the features of Fathom Blue, its directional carbon blade ensures the unheard-of thrust that only composite fibers can deliver. Its interchangeable blade is very reactive, and purpose-built for advanced free diving and spearfishing. Carbon design provides maximum propulsion through the leg-kick, and optimum return of the blade.

- Blade: 22cm x 60cm (8.7" x 23.6")
- Overall Length: 91cm (35.8") (Size: M/L)
- Weight: 2270g (Size: M/L) / Pair
- Stiffness: Medium

The fin can be taken apart should the need to change blade arises.

The blade gives maximum propulsion and best efficiency.

Size Chart	Fin Sizes		XXS / XS	XS / S	S / M	M / L	L / XL

## FD-BUOY Freediving Buoy

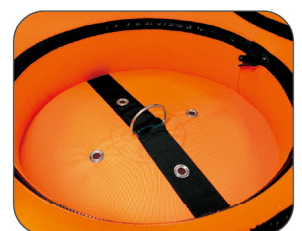

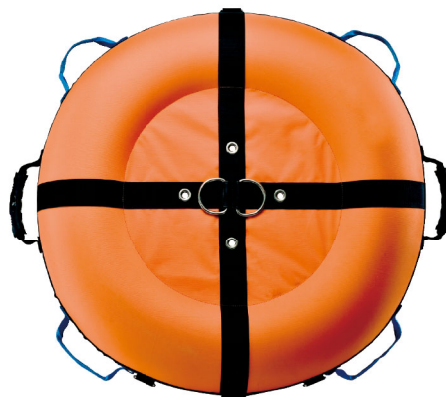

- 15" inner diameter Freediving Buoy made from heavy duty 600D PU coated polyester fabric for outer shell; ultra high-grade rubber for inner tire.
- 6 handles located around the buoy allows several divers to use at the same time.
- 2 stainless steel D-ring at sides of the buoy for connecting with other buoys if necessary.
- 2 YKK #10 zips at front cover for easy operation and also prevent stuffs from falling out.
- 4 stainless steel grommets at bottom to drain water.
- 2 stainless steel D-rings are fixed at bottom with extra durable 2" polyester webbing for divers to connect weight and rope; max. dry weight loading 300KG (660lb).
- Comes with a tire inflation adapter can be connected to a BC hose

2 shoulder straps designed for easier carrying

Comfortable hand grip

D-ring for rope storage

## FD-R/50M Freediving Static Rope in 50 Meters (164 ft)

- 10mm in rope diameter / 50 meters (164 ft) in total length.
- Static elongation of the rope <5%
- Neon color designed for better visibility underwater.
- The rope holds up to 1800Kgs (3,968lbs)

## FD-IT/15 Inner Tire

- High quality natural rubber compounded with special formula makes the tire more durable than other rubber products.
- Comes with US standard TR-15 valve, can be inflated with bicycle inflator or IST N-8.
- Dimension: Inner Diameter: 390mm (15.35")  
Outer Diameter: 750mm (29.53")

## N-8 Tire Inflator

- Copper chrome plating covered by aluminum alloy.
- QD connector design for BC hose.
- With this inflator, FD-IT/15 inner tire can be fully inflated in 15 seconds.

### Freediving Equipment Bag

Designed to carry freediving fins and wetsuits. Ultra light-weight and durability.

- Made with heavy duty 600D PU coated polyester fabric.
- Foldable design to minimize the space and for easier storage.
- Can be hanged with wetsuit hanger along with the suit and the bag itself.
- More space for equipment storage.

Opened: 105cm x 125cm (41.3" x 49.2")

Folded: 105cm x 25.5cm x 7cm (41.3" x 10" x 2.8")

Can be carried as shoulder bag

Hanging wetsuit function
